CATALINA SPAS WELLNESS SERIES

Swimming, Fitness, Relaxation, Therapy.

Catalina Spas™
the art of relaxation

Discover Catalina Spas Swimspas and Trainers

Catalina Spas have been producing industry-leading hot tubs and Swimspas for over 40 years. Over the decades we have come to understand the unique benefits of water therapy and aqua exercise. We have perfected the art of combining the healing power of warm water massage therapy and exercise to offer the most advanced and beneficial Swimspa and Swimtrainer series available today.

The flexibility and enhanced build quality provides the ultimate in comfort and performance ensuring every member of the family truly benefits.

BENEFITS

AFFORDABLE: A fraction of the cost of installing a swimming pool.

INSTALLATION: Can be done in as little as a day! The units are totally self-contained; all that is needed is a power supply and a concrete base. This means minimal mess, disruption and no extensive excavations.

RUNNING COSTS: We use Thermo-Pane insulation in the construction for maximum energy efficiency and durability. Each model is fitted with an insulation/safety cover. Catalina Swimspas offer affordable all-year swimming and exercise at a fraction of the running costs of a typical swimming pool.

LIFESTYLE: The Catalina Swimspa series provides the true lifestyle benefit of healthy exercise for individuals as well as the whole family. And they're great fun too!

INVESTMENT: A Catalina Swimspa will be an asset to your life, well being and property – never a liability.

WARRANTY: With probably the best warranty in the industry you have long term peace of mind.

KEY FEATURES

FITNESS: Enjoy full-body exercise with the varied resistance training stations, aqua fitness or swimming. The Catalina's design offers flexible control of the equipment and temperature to ensure the spa offers the most varied aqua fitness exercise to meet the needs of all bathers. Choose between resistance training, swimming or rowing – all in one unit.

THERAPY AND RELAXATION: Catalina Swimspas give the customer unique therapy seating and provide the ultimate in hydrotherapy. After a hard workout against the swim jets just relax and caress away stress and aches and pains. Catalina's FlexiFlo system allows you to create your own personalised massage.

THE ELITEFLO SYSTEM: Catalina's unique arrangement of specifically-designed swim jets is designed for flexibility to ensure that the flow of water can be customised to give the swimmer instantly controllable water current to any level of performance. To enhance the experience Catalina's wide swim area and unique side placement jets make sure that bathers get maximum benefit from a superior swimming experience.

FAMILY BENEFITS: Our Swimspas and Swimtrainers are specifically designed to benefit the whole family. They provide fitness, relaxation, therapy and that all-important family together time.

THE ELITE SYSTEM UPGRADE INCLUDES: A therapeutic 24 LED lighting system to enhance the relaxing night-time leisure spa experience. A sound system with iPod / CD and Radio is just great for that full workout or just relaxing to background music.

The Catalina Swimspa really covers all aspects of fitness and leisure.
